From the 4th till the 8th of June 2018 the International Student Congress Of (bio)Medical Sciences (ISCOMS) will be held in the University Medical Center Groningen (UMCG) for the 25th time. ISCOMS is the leading (bio)medical student congress of the world. ISCOMS features a broad range of scientific activities including masterclasses, workshops and presentations of student research, in poster, oral, and plenary sessions. Each year we also have renowned speakers speaking at the keynote lectures. Last year keynote lectures were given by robotic surgery expert Esther G.J. Consten MD PhD, 2016 Nobel Prize Laureate Prof. Ben L. Feringa PhD, and 2001 Nobel Prize Laureate Sir Tim Hunt PhD.

**Ambitious students and recently graduated students**
In 2017, 720 students from 52 different countries participated in ISCOMS. 351 of those participants presented their research in a plenary, oral, or poster presentation.

**UMCG medical specialists and other employees**
They will be able to meet participants and companies in the central and public located area called the ‘Fountain Patio’ where all of our breaks will be held.

**Scientists, professors and supervisors**
They attend the presentations, lectures and workshops given during ISCOMS.

**Global impression of ISCOMS**
For a proper general impression of ISCOMS we would like to refer you to our aftermovie. This gives an excellent overview of the congress. The following shortened URL will direct you to the after movie:

www.tinyurl.com/ISCOMS2017
Location
ISCOMS is held in the University Medical Center Groningen (UMCG), which is one of the largest hospitals in the Netherlands and the largest employer of the Northern Netherlands. The Fountain Patio is the central location in the UMCG and of ISCOMS. Many students, patients, visitors, doctors, and researchers are passing through this patio. As stated above, all breaks during the congress will be held at this location and in addition our registration desk will be located there. As such, the Fountain Patio in the UMCG will provide the perfect opportunity for a company to present itself to the audience of ISCOMS, for instance, by placing a stand.

Focus on Healthy Ageing in a recognized region
ISCOMS shares the focus on Healthy and Active Ageing with the UMCG. On the 13th of July 2016 the European Commission awarded the Northern Netherlands – and thus ISCOMS- a score of 4 stars. This means that the Northern Netherlands functions as an exemplary region on Healthy Ageing for the rest of Europe.

Nobel Laureate Prof. Ben L. Feringa PhD presenting a keynote lecture on ISCOMS 2017
ISCOMS 2018

ISCOMS is the largest and most professional (bio)medical student congress of the world with

• 24 years of valuable experience;
• 720 participants from 52 different countries;
• 9 university students in the Executive Board, 36 university students in different committees, 3 professors in the Advisory Board and over 85 professors and researchers involved in the scientific programme;
• 14.000 hours yearly put into organising ISCOMS;
• an enormous amount of enthusiasm and dedication.
