# ISCOMS

8-10 juni 2022

## SPONSOR PROGRAMME 2022

*Learn about what ISCOMS has to offer!*

29<sup>th</sup> International Student Congress Of (bio)Medical Sciences

# ISCOMS 2022

From the 8<sup>th</sup> until the 10<sup>th</sup> of June 2022 the 29<sup>th</sup> edition of the International Student Congress Of (bio) Medical Sciences (ISCOMS) will take place in the University Medical Center Groningen (UMCG). ISCOMS is the largest and leading (bio)medical student congress of the world, organised by and for students.

## **Ambitious (bio)medical students and recent graduates**

Anually at least 800 participants from 60 different countries attend the congress, which makes ISCOMS a place for students from all over the world to come together. Every year students are impressed by what ISCOMS and the UMCG have to offer.

## **Medical specialists and other employees of the UMCG**

Not only students and recent grduates attend ISCOMS, also inquisitive medical specialists and other employees of the UMCG like to attend our congress. They get in touch with companies and participants through the stands located in the central hall in the UMCG.

## **Professors, scientists and other interested parties**

They will attend and give presentations during lectures and/or workshops.

*"I think that what makes ISCOMS different from other congresses, is that it is organized by students. Students know what students want. It is very well organized. All the people involved in the organization are on top of their game."*

*Nad'a Majerníková, presenting participant*

# Renowned speakers and a fantastic location

## Keynote lectures & workshops

Annually, renowned speakers come to ISCOMS. In this edition ISCOMS will welcome **Nobel prize laureate Bruce Beutler MD**, Jeffrey Friedman MD PhD, Roel Nusse PhD, Hanneke Schuitemaker PhD and Karl Deisselroth MD PhD. To provide a diverse programme, participants can participate in interactive workshops as well.

## Scientific research

ISCOMS offers a platform for students to present their innovative research. Annually 350 participants present their scientific research by means of plenary, oral or poster sessions.

## UMCG

The UMCG is one of the largest hospitals in the Netherlands in which a lot of students, patients, visitors, physicians and researchers are present daily. The Fonteinpatio, the central space inside the UMCG, is the perfect location to profile and promote your company by means of a stand for example. Of course, other innovative suggestions are possible in good consultation. Furthermore, the 'Blauwe Zaal' is the perfect location to attend the sessions that ISCOMS has to offer.

## Focus

In 2022 ISCOMS will dedicate a congress day to the theme 'Personalised Medicine'. This might be the opportunity for your company to organise a workshop about this theme.

# More than just a congress

## Vision

The *International Student Congress Of (bio)Medical Sciences* wants to develop into a leading forum for worldwide exchange of student research in all the different (bio)medical disciplines. The congress matures and professionalizes every year. Our positive experiences with a digital congress last year made us inquisitive to consider the possibility to organise a hybrid congress. This way ISCOMS can become even more inclusive and engage a broader audience to conduct new, innovative research.

ISCOMS is more than a place where knowledge is exchanged. People from all over the world, from student to professor, gather here in Groningen to socialize and network with their peers. During the scientific programme participants get the opportunity to broaden their medical knowledge by attending the keynote-lectures, workshops and presentations. The social programme will provide recreation during the evening.

*Prof Mario R. Capecchi MD PhD gave a keynote lecture at ISCOMS 2019*

# What makes ISCOMS interesting for you?

Whether you want to promote your company and your products, enthuse the physician of the future in your specialty or find driven students who conduct leading and innovative research in a certain discipline, ISCOMS is the place to be! There are very few events with an audience as broad and diverse as ours. The congress offers different opportunities to deliver your product or message to the right people. Every company is unique and so are your company's wishes or the obstacles your company are facing. That is why we would like to explain all the different possibilities in a personal conversation. In order to give you an impression up front, several options are depicted on the next page.

## **Corporate Member Meeting**

The *Corporate Member Meeting* (CMM) is an exquisite opportunity to get in touch with the UMCG officials. The personnel of two Michelin star restaurant "**De Groene Lantaarn**" will provide for a complete arrangement dur-

ing which you get the opportunity to discuss your product or ideas. This unique event offers you the opportunity to share a table with the most influential UMCG employees.

## **Workshops**

Students who participate in ISCOMS' programme are the most enthusiastic and driven students of the world. These students are eager to actively take part in all the workshops that your company could possibly organize. This way you will be able to get acquainted with the most driven physicians and researchers of the future.

## **Expositie van uw product**

Highlight your product amid the UMCG in front of hundreds of inquisitive students, medical experts and professors. Your enthusiasm will not make them forget your product.
